Dear Mr. Pinotti,

On behalf of the entire Millville American Little League, I'd like to thank you for all that you've done for our league. Your infield mix has set our fields apart from all the other fields in our area.

Our infield has kept it's texture, color and firmness throughout the very long season. We have over 300 players with just two fields, and that combined with 5 Travel Teams means a lot of playing time on these fields. We are always getting compliments on how great the fields look as well as how great they are to play on.

Thank you for your help, but most of all thanks for your product. It definitely sets us apart.

Sincerely,

  
Lance Taylor  
President
